

Dear parent/guardian,

Cowwarr Primary School is looking forward to another great year of teaching and learning and would like to advise you of Cowwarr Primary School's voluntary financial contributions for 2022.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

We are very lucky at Cowwarr as we are able to offer fantastic educational instruction supported by great technology and resources, we treat everyone equally and as a team all of us share in all curricular and extra-curricular programs.

We try to keep parent financial commitments to a minimum, but your financial help does add to our monetary resources which enable us to make the school even better.

**2022 we are requesting a parent contribution of \$100 per child for the year, which equates to twenty-five dollars per term.**

*We trust that you are happy with all that our team offers your child and will continue to support us in 2022.*

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Albie Fitt  
Principal  
Cowwarr Primary School

## ONE PAGE OVERVIEW

### FREE INSTRUCTION

- Schools provide students with free instruction and ensure students have free access to all items, activities and services that are used by the school to fulfil the standard curriculum requirements in Victorian Curriculum F-10, VCE and VCAL.
- Schools may invite parents to make a financial contribution to support the school.

### PARENT PAYMENT REQUESTS

Schools can request contributions from parents under three categories:

#### Curriculum Contributions

Voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum.

#### Other Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

#### Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

- Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

### FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

### SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
